Educators' Job Fair 2016

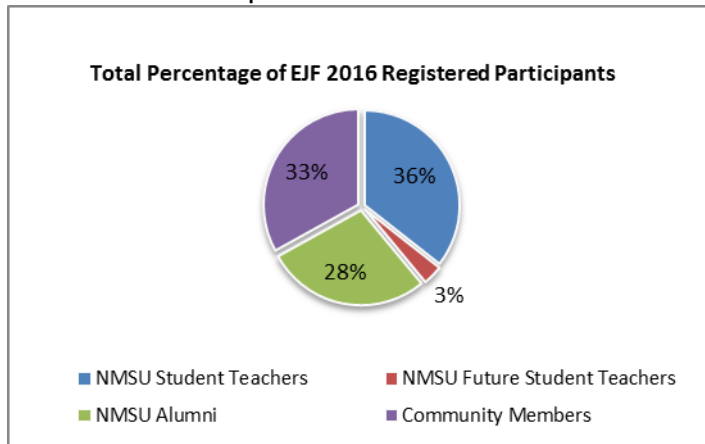

New Mexico State University Educators' Job Fair

The Educators' Job Fair 2016, co-sponsored by Career Services and the College of Education, was held in April. The Educators' Job Fair allows candidates and numerous school districts located throughout the nation to discuss career options and employment opportunities in a formal interview setting. The format of structured interviews is key to the fair's success. The majority of the candidates are from New Mexico State University and the region. However, a growing number of candidates from across the United States are utilizing this event to secure teaching, administrative, and support staff positions.

The total number of NMSU College of Education or other college student teachers in Spring 2016 was 72. This figure is based on the number of undergraduate student teachers who applied for graduation per a report (Cognos SP 2016 – Applied to Graduate CoED) generated from the NMSU COGNOS system on 5/17/2016. This report only indicates student teachers who applied for graduation; not those who actually graduated. The Educators' Job Fair participation report indicates that 42 NMSU student teachers participated in the event.

New Mexico State University Educators' Job Fair Number of Registered Participants

NMSU Student Teachers	42
NMSU Future Student Teachers	4
NMSU Alumni	33
Community Members (includes 14 current non-education majors)	39
Total Number of EJF Participants	118
